### JOKES

#1 A blonde rings up an airline. She asks, "How long are your flights from America to England?" The woman on the other end of the phone says, "Just a minute." The blonde says, "Thanks!" and hangs up the phone.

#2 An airliner was having engine trouble, and the pilot instructed the cabin crew to have the passengers take their seats and get prepared for an emergency landing. A few minutes later, the pilot asked the flight attendants if everyone was buckled in and ready. "All set back here, Captain," came the reply, "except the lawyers are still going around passing out business cards."

#3 USAir recently introduced a special half fare for wives who accompanied their husbands on business trips. Expecting valuable testimonials, the PR department sent out letters to all the wives of businessmen who had used the special rates, asking how they enjoyed their trip. Letters are still pouring in asking, "What trip?"

### #4 (RIDDLE)

A plane with 50 passengers crashes and everyone is killed, but there were only 49 bodies. How is this possible?
