FROM THE PRESIDENT

I am excited to take over for the presidency from Matt Lynes. The club is on the right track with field improvements, flying events and social events. The New Year's Day gathering was a great start to the flying season for brave pilots and lots of hot food.

The club still has many indoor events planned over the next few months. This is a great way to keep those thumbs nimble, and to have a great time.

I want to wish the members all the best and have a safe and happy 2016.

Bryan Mailloux

The place was Tillsonburg Airport for Breakfast

Son, someday you will make a girl very happy, for a short period of time. Then she'll leave you and be with new men who are ten times better than you could ever hope to be. These men are called pilots.

COFFEE CLUB: Next Wednesday January 27th, the guys are going to meet at Tillsonburg Airport at 9.30 a.m. for breakfast and coffee. Also going to chat about types of radios (transmitters), so bring them with you, new or old. If anybody should go maybe car pooling will help.

WEBSITE: The website is back and running we need pictures and videos from any one, so far our website is in good standing, and much better than the others sites, we are up to date. Anybody can go into our site to see pictures, videos and read our newsletter, and coming events.

FIELD: The field looks great, the area was fixed and flattened, smoother landing I hope. Also now we will have more room just west of the pit area for our spectators at IMAAC and Mac Rowe Memorial Fun Fly this year.

NEXT MEETING IS ON JANUARY 25TH, AT 7.00 P.M. new time same old place
