From The President

A few brave pilots are getting some stick time at the field this past month. For most pilots they prefer the warmer and less breezy indoor flying venues that are happening. Lots of indoor capable planes, quads and helicopters are taking to the air in Oliver Stephens's public school most Monday evenings. There are lots of other options available for other indoor flying happening around the area as well.

Tuesday morning's breakfast are happening once again at the Tillsonburg airport 9am. The local Tillsonburg crew has plenty to chat about. Drop by and have a hearty breakfast.

Date's to Remember:

- Jan 1st Annual New Year's Fun fly. Dress warm and bring out that all weather airplane or quad for the first flight of the year. Chili and Hot drinks will be served.
- Jan 6th Woodstock Christmas party. Location to be voted on at meeting. Guaranteed good food and great company.

Hope you have plenty of R/C goodies on your Christmas wish list. My list is pretty long☺
